Discussion regarding proposed amendments to BOH fees. We have reviewed the fee schedule from several surrounding towns. Some of our fees are in line and some are very low. The BOH has not increased its permit fees (other than tobacco) in over 20 years. After some discussion the Board came up with a proposed fee schedule which will include one new fee for Title V Inspections. A public meeting will be held on November 18th to adopt the new schedule. A copy of the proposed fees will be posted with the Agenda. M/Heger, s/Hubert a unanimous vote to adopt the fees as printed (attached).
