

TOWN OF EAST BRIDGEWATER

American Rescue Plan Act

Submitter: John Shea
(Name of Person Submitting Application)

Department/Board/Committee to Oversee/Maintain the Project: School Department

Date: 8/5/2023

Amount Requested: \$34,823.88

Project being Requested: Mammoth 850 Snowblower/Salt Spreader x2 (Provide a full description below)

FUNDING CATEGORY

- | | |
|--|---|
| ☐ Support Public Health | ☒ Very High (Needed ASAP) |
| ☐ Address COVID-19 Negative Economic Impacts | ☐ High (Needed in 1 year) |
| ☐ Provide premium pay for essential workers | ☐ Medium (Needed in the next 2 years) |
| ☐ Investments in water, sewer, and broadband infrastructure | ☐ Was Planned for in the next 10 years |
| ☒ None of the Above (Would fall under Revenue Replacement funds) | |

Priority Ranking (Check One):

Does this project meet the bylaw requirements for Capital Planning?

Yes	☒	No	☐
		(Acquisition of land and any expenditure of \$20,000 or more having a useful life of at least five years)	

Has this project been on a department or Board's priority list?

Yes	☒	No	☐
-----	-------------------------------------	----	--------------------------

Have you received an estimate as a basis for cost?	Yes ☒	No ☐	If Yes, please provide estimate
Are grant or other funds available to offset this cost?	Yes ☐	No ☒	If Yes, please specify source of funds
Will this require annual maintenance or ongoing costs?	Yes ☒	No ☐	If Yes, please articulate below

Project Description:

<i>Provide project description and articulate funding category, include an overview of proposed timeline, location(s), and supporting detail. If requested equipment is a replacement, please provide the age (based on first in service date) and condition of current item. Be as specific as possible; attach all backup supporting material.</i>
See attached for quote and pictures

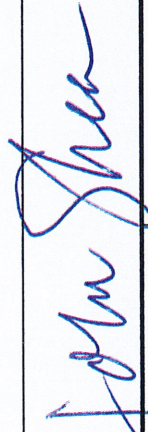

Benefits of Project/Requested Equipment:

<i>Highlight project benefits, including efficiencies created, service enhancements, etc. Be as specific as possible; attach all backup supporting material.</i>

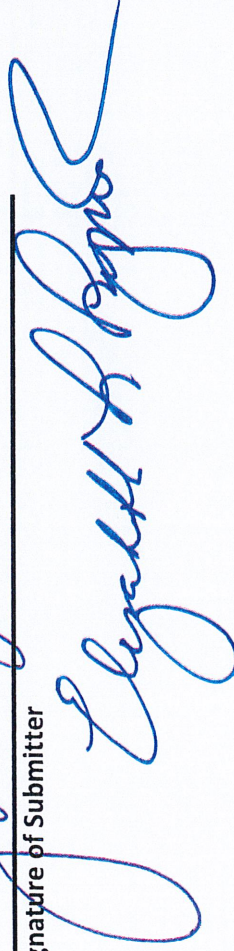

The School Department Custodians are responsible for clearing entrances and sidewalks of snow and ensuring those entrances/sidewalks are clear of ice. We currently utilize shovels, snow blowers and manual salt spreaders to complete these tasks and to help ensure that walkways are safe for students, staff and the public. It is a daunting task and our custodians work tirelessly in order that we can open school safely. Even so, this past year we had 5 slip and falls throughout our school district this past winter, involving students, staff and parents. Luckily none of these falls resulted in serious injury. As you can imagine the liability could have been significant had one resulted in serious injury. These two machines will greatly assist in helping to provide quicker and more efficient clearing of snow and ice. In addition to reducing our liability these two machines should help reduce the amount of overtime we are currently spending on snow and ice removal.

Ongoing maintenance costs of project or equipment:

<i>Describe any expected ongoing costs associated with this request. Be as specific as possible; attach all backup supporting material.</i>
Annual maintenance/tune ups would be required. Possible additional property insurance cost.
