EEA #16364 – Jenney Pond Dredging Project (Plymouth)

The Town of Plymouth seeks to perform sediment dredging of Jenney Pond (the “pond”), the upstream impoundment to the Jenney (Arms House) Pond Dam (No. MA00907). The town also seeks to replace the existing pedestrian footbridge (Town Brook Park footbridge) over the pond. Jenney Pond is a 4.5-acre impoundment fed by Town Brook that is upstream (south) of Jenney Grist Mill, off of Spring Lane in central Plymouth, Massachusetts. The pond can be visually and practically divided by the Town Brook Park footbridge into a northern section and a southern section. The section north of the footbridge receives the bulk of the sediment deposition, as this is where Town Brook enters the impoundment and flows downstream in a northerly direction towards the dam. This section is approximately one acre in area. The section south of the footbridge is approximately 3.5 acres in areas and does not appear to receive significant sediment deposition from Town Brook.

The primary goals of the Jenney Pond dredging project are to improve water quality and fish habitat in the pond by removing an estimated 6,350 cubic yards of sediment within the northern section of the pond and installing fish habitat features including boulder piles, woody debris, and rootwads. Additionally, the existing pedestrian bridge over the pond will be removed and replaced with a new bridge in-kind.

CERTIFICATES

EEA #16346 – Release of House Lot from Agricultural Preservation Restriction (APR) (Doten Road) - Plymouth

This ENF is submitted in connection with the creation of a house lot on the southerly side of Dotem Road in Plymouth, its release from a 1984 APR and the Amendment and confirmation of that APR as it affects the remaining land subject to it. The purpose of this project is succession planning. The proposed house lot will be used as a single-family residence and barn. The remaining APR acreage will be farmed.

The certificate states that this project does not require an Environmental Impact Report (EIR).
