Dear Golfers,

You are cordially invited to join us for our Annual Memorial Golf Tournament. The East Bridgewater Lions have been providing service to the community for over 50 years with a variety of charity benefits from the Lions. A substantial part of our charity fund is used to support Massachusetts Lions Eye Research.

The tournament committee anticipates another large turnout. Entrance will be on a first come basis. The field of golfers is limited to the first 144 paid applicants. Early payment must accompany your application in order to make certain your registration is honored.

Lions are a worldwide organization which raises millions of dollars each year with no money for administrative activities taken from your contributions.
