4:12 pm Chairman Dowling called the meeting to order.

APPOINTMENT

Due to Chairman Dowling not attending the November 4, 2019 Water Commissioners' meeting, Mr. Noble gave a brief overview of the discussion the Board had with Ms. Donahue.

Mr. Noble stated the smart reader calculates how much water is used and had the meter tested and it passed, free of defects. Since Ms. Donahue did not provide any evidence to refute the accuracy of the meter, water flow did traverse the meter. He suggested that the Water Department to not render an estimated bill for water usage while the meter was out for testing, August 12th until October 23rd.

Mr. Sheedy made a motion to decline the water abatement request at 544 Central Street for the period December 2018 – June 10, 2019. Ms. Julius seconded, Mr. Dowling abstained. 2-1

ADJOURN

Motion by Sheedy, second by Julius to adjourn. Vote 3-0
