(renewal).*

*M/Harhen, s/Heger a unanimous vote to issue a Milk and Cream Permit to Crocetti
(renewal)*

Susan Mulloy provided an update on COVID cases which have decrease steadily over the past two weeks.

Susan and Timothy Harhen provided the Board with an update regarding vaccination plans. The Board and Fire Dept were recently notified that municipalities will not be receiving vaccine for local clinics due to a limited supply and that supplies would be allocated to state and regional sites. We will, however, receive vaccine allocated specifically for residents of housing. (Riddell Rd. and Prospect Street) A press release will go out notifying our seniors of the change with directions on how to schedule an appointment at a state or regional site. Additionally, Tim updated the Board on a press conference that was held in Whitman attended by Fire Chiefs and Municipal Leaders from the area in response to the change in vaccine allotment.

Bob Philbrick provided an update on upcoming percolation testing of 10 lots at Central Street near Franklin Street on land recently auctioned off by the town.

Susan updated the Board on several COVID related complaints we have had with Food service Establishments and explained the process that restaurants and businesses must follow upon being notified of a COVID positive employee.

M/Harhen, s/Heger, a unanimous VOTE to adjourn at 6:20 p.m.
