Amendments to the minutes of July 11, 2022

Under Agent's Updates-

41 N. Bedford Street- The Board expressed concerned regarding the time frame that this system has been in progress. Title 5 requires that septic be installed in a "reasonable time", Housing Code has a 30 -day timeframe to complete. Mr. Lyons asked if the pit was a "confined space", given the size of the pit (30 X 40 '), it was decided that it did not meet that definition. Ms. Lesogor requested that a letter be issued giving him 30 days to complete with a reminder that the fines could be issued for each day of non- compliance.

1357 Washington St- Agent updated Board of today's inspection and compliance with the May 18 order letter. Chair requested that a letter be issued to the occupant/tenant clean up the drum within 7 days or fines will be issued.

558 West St- The Board discussed improvements to be made. Biggest area of concern is the bathroom and the kitchen area. Chair suggested that the tub be caulked, floor be repaired, and vent be repaired. Reviewed email from the landlord with finish date of September 30, 2022.
